

Danny J Bierley,
Petitioner
v
Warden James Verschecco, et al,
Defendants

U.S. District Court
West Dist of PA
CV 2004-363E
Mag. J. Susan Baxter

Motion/Request For Assignment of Counsel

- 1 And now on Oct 9, 05 comes the indigent, incarcerated and pro se petitioner to request assignment of Counsel.
- 2 Bierley will NOT be able to prosecute this matter from within prison. The County has plans to sentence me to 9 mos incarceration on the bogus P.V.
- 3 I have no money in my account and NO income since, my social security is stopped. When I sent the motions to re-open and for IFP to inmate accounts with request to include account statement, for a mail to all respondents, it was returned on Friday with little yellow stickum note saying "wait to next week and use your four indigent stamps on Friday 14th."
- 4 The prison law library is woefully inadequate, esp. on federal material, and, petitioner will be lucky if he can get one hour of law library a week.
- 5 Therefore the petitioner does move the Hon. Magistrate Judge to assign counsel to assist me in prosecuting this matter in the name of justice. It Is So Prayed.
